

# SOI SYSTEMS: HEADS UP!

---

We are very excited to see you all at this summer's workshop. We have so many topics and updated

products to share with you!

**INTERMEDIATE LEVEL:** We provide you with more advanced skills of interpreting and applying SOI testing results. You will also be trained to use the ALA and PLA tests. You may conduct Basic trainings at this level.

**ADVANCED LEVEL:** This training provides background information necessary for many different applications of SOI. Practitioners reaching this level of training are offered unique opportunities to pilot new programs, network with specialists, gain a deeper understanding of SOI, and may apply for Associate status.

**40% OFF**  
**VISION FOCUSING**  
**SKILLS WORKBOOKS**
