

# SOI INTERMEDIATE WORKSHOP

## PROVIDING YOU WITH MORE ADVANCED SKILLS OF INTERPRETING AND APPLYING SOI TEST RESULTS

### **CLINICAL PROFILE INTERPRETATION**

Beyond the basic interpretation of the first level of training, you will be given guidelines on how to interpret SOI test results. Patterns of test results are related to various types of learning, such as giftedness, dyslexia, learning disabilities, delinquency, and job training.

### **ALA & PLA ONLINE TESTING**

Gain access to ALA (Advanced Learning Abilities) & PLA (Primary Learning Abilities) testing! Both tests are available in paper and online/computer format, making them a valuable, versatile tool for everyone.

### **SOI IN REAL LIFE**

Bring your tests and profiles from your Basic training. We will review them, answer questions, and discuss solutions to any learning ability deficits. We will also discuss how SOI abilities are related to school and curriculum.
